

Whittier Narrows Presents - Mystery 3 Disc Challenge Supplied by Infinite Discs Caddy Book

This caddy book describes the rules and regulations that will be used while participating in this event. Please bear in mind that the park is **not** reserved for this event. Play safely. Give park goers and other disc golfers the right of way. We will be playing holes 1-18. Only one person needs to keep track of the score on Udisc.

General Rules

No Two Meter Rule - If your disc gets stuck up in a tree, mark your lie using the mini provided in your players pack under the disc to the best of your ability. Resume play from your mini marker. Allow 3 minutes to try and retrieve the disc from the tree. If you can't get it down, notify the tournament director so he can use the retriever.

Out of bounds is the **parking lot asphalt only**. All Walkways are considered in bound. If you go beyond a walkway and into another fairway, you are still in-bound. (Please be mindful of people walking and playing.)

No Mandatories - Again, Please be mindful where you throw and what is in front of you.

If there are park goers in your way picnicking in the fairway, play safe. Unfortunately, that is just bad luck and you may be taking a few more strokes. Take advantage that there are no mandatories.

Hole Specific Rules

Hole 11 - Blue Basket. I am using the short hole here. There is no mando, but be mindful of other golfers on 10's fairway. If the Par is still 4 during the event, simply keep the number of strokes taken.
